

WALK SUBSIDY

This program is designed to promote and support walking to/from work.

The SNTMA has limited funding to subsidize walking to work. There are twenty \$100 walking subsidies available for 2020 on a first come, first serve basis.

1. Any SNTMA member employee may apply to receive a walk subsidy under this program providing their employer is an SNTMA member.
2. Qualified applicants must be registered the Sacramento Region Commuter Club at <http://www.sacregionc511.org> with their work email address. Once logged into Sacregional511.org one can learn the guidelines and apply for SNTMA subsidies under TMA Subsidies on the right side of the page.
3. As a condition of funding, recipients will track their walking commute trips at Sacregional511.org for one calendar month prior to receipt of the walk subsidy. Each SNTMA member is eligible for one walk subsidy per calendar year.
4. Applicants must walk to work 10 days per month. Walking must be the primary commute mode (greatest portion of the commute to/from work).
5. This subsidy cannot be combined with any other incentives.
