

Low Emissions Vehicle Subsidy

There are thirty \$50 low emissions subsidies available each month on a first come, first serve basis.

**In order to enroll in the SNTMA low emissions vehicle subsidy program,
please provide the SNTMA with the following:**

1. Initially you must provide your name, employer name, work email address and type of Low Emissions Vehicle to the SNTMA by contacting Stephanie at stephanie@sntma.org
2. Qualified applicants must be registered with [NorCalGo.org](https://www.norcalgo.org) with their work email address.
3. Select "drive alone" as your commute mode then enter your Low Emissions Vehicle information. The [NorCalGo.org](https://www.norcalgo.org) system only counts "greener trips" as trips made by carpool, vanpool, transit, biking, walking, or working from home. Low Emissions Vehicles trips are not included in the "Your Activity" chart for greener trips on your "home" screen. So long as the vehicle listed in your profile is on the California Clean Air Vehicle Decal list and you record at least 20 commute trips, you will be eligible for the South Natomas TMA LEV Subsidy.
4. Any SNTMA member company employee may apply to receive a Low Emissions Subsidy under this program. Driving the Low Emissions Vehicle must be the primary commute mode (greatest portion of the commute to/from work).
5. Add your work email address to your PayPal account.
6. One SNTMA subsidy per month per person.
7. SNTMA subsidy participants have 30 days to retrieve subsidy payments. No exceptions.
8. The buttons to redeem SNTMA subsidies are available the first two business days of the month. On the left side of your [NorCalGo.org](https://www.norcalgo.org) dashboard, select "Rewards" then "Featured."
